# SPARE PARTS

**CONTACT US NOW**  
to elevate  
your maritime  
operations to  
new heights!

Do you immediately need a (spare) part for your system? We are able to deliver top quality components, in order to maximise the up-time of your vessel or industrial plant.

Order the product of your choice today and it will arrive within a short time frame, at any location in the world.

About Alewijnse

Alewijnse has over 130 years of experience in marine and industrial technology and undertakes projects around the world. As an all-round systems integrator, the company supplies a comprehensive range of technical solutions.

Our company works on a great number of vessels and industrial installations every year in sectors that include yachting, naval & governmental, dredging & offshore and industry. This work includes contracts for new build, refit, repair and maintenance projects. In response to the ever-increasing need for sustainable operations, Alewijnse is at the forefront of designing environmentally friendly propulsion and energy-efficiency systems for maritime and industry.
